

be.tex® Green Samba® FR

Art.No. 4384-XXXX-6266-Recy

Description

bergertextiles takes a step further on the way towards more sustainable textiles. The yarn for be.tex® Green Samba® FR is made of recycled plastic bottles. This saves resources and is good for the environment. Ideal for your customers who value „green“ products. Of course, this textile has all the outstanding characteristics of Samba®- The Original.

Important: Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.
